HOMES & GARDENS III

a fabulous fusion of style

Baker Lifestyle is thrilled to launch its third collection in collaboration with Homes and Gardens magazine.

This new collection draws strikingly simple designs and beautiful colours into a fabulous fusion of style. Combining the simplicity of artisanal hand block designs with the exuberant complexity of all over embroideries, the collection also includes bold geometrics, smart abstract prints, subtle ikats, and co-ordinating textured plains and trimmings.

Distinctive colour combinations of deep shades of blue with touches of spice, to multi-coloured designs incorporating fuchsia and stone, will inspire a wide range of stunning interiors.
